How can you help?

What do we need?

- T-shirts or undershirts (no onesies)
- Cloth diapers
- Gowns or sleepers
- Diaper pins
- Sweaters/sweatshirts
- 16"x 28" hand towels
- Wide-tooth combs
- Nail clippers
- Bars of soap
- Toothbrushes
- Band-Aids

- Bottled Water

As you know, an Earthquake in Haiti last week left many without shelter, water, food, and other necessary items. At Southeast Raleigh Magnet High School, we want to help out and you can too. To the left is a master list of everything we need to make this happen. Any donations are appreciated, and can be dropped at the main office or to room 405.

The devastating earthquake left many without homes, so this makeshift tent city has been created as temporary shelter.

In order to make this happen, SRMHS Clubs and Students are working with multiple organizations. Alpha Gamma Xi has organized 'Change for Change' in the great hall as a class competition during lunch. We have also organized a donation drive for several items to create hygiene kits, baby kits, and bottled water. 'Change for Change' and the bottled water drive (sponsored by Kappa League) benefits the Wyclef Jean Foundation. Theta is supervising the hygiene kits and possibly more materials needed by Red Cross (see Mr. Watkins for details). The hygiene kits and the baby kits (sponsored by the art department) will be sent through Church World Services. Donation boxes are in the front office and mail room. For more information, visit:
